105 additional criteria be used. The committee shall review the award applications and shall
106 submit a ranked list of recommended employees to the dean or dean's representative. In

111 (i.e., the highest rank equals the number of applicants, N), the next highest rank being N-1,
112 and so on. Applications that are not deemed acceptable for an award by a committee
113 member shall be left unranked in that committee member's rankings.

115 at-large in the interest of efficient evaluation of the incentive award applications. Each
116 subcommittee must include at least three members, and every member of the committee at-
117 large must serve on a subcommittee. The applications to be reviewed shall be equitably
118 partitioned among the subcommittees. The subcommittees shall follow the ranking

130 rankings divided by the number of committee members present) shall have the highest
131 priority for an incentive award, the applicant with the next highest mean rank the next
132 highest priority, and so on, until all applicants who received rankings by a majority of
133 committee members present are ranked in order.

134 g. In the case of T applicants with tied mean rank for the final T-1 or fewer
135 available award(s), the procedure outlined in (a) above, with T being the highest possible
136 rank, shall be used to break the ties. The ranking process outlined in (a) above shall be
137 used as many times in succession as necessary until all such ties are resolved and a final
138 ranked list is complete.

139 h. The committee chair shall transmit this ranked list to the dean or dean's
140 representative, or unit head who reviews and approves the awards. If the selection
141 committee awards fewer than the number of awards available or if the dean or unit head
142 does not approve an award from the list submitted by the selection committee, then the
143 award(s) shall be retained in the same college or unit for one additional cycle before it is
144 returned to the overall pool for apportionment.
